# WHAT IS FINISHED?

Finished islands include a choice of KEYSTONE or RIVERSTONE (Stacked Stone) resin stone veneers and a choice of GIALLO or UBA TUBA granite countertops. Install your Viking appliances, plug in the island, hook up the gas, and start grilling.

RIVERSTONE with the UBA TUBA granite top is the most popular.

\* To complete the model number, add the finish and granite selection to the end of the number.

**Example:** OMI-084-01-VKSD

## FINISH

K = Keystone

S = Riverstone (Stacked Stone)

## GRANITE

L = Giallo (Light)

D = Uba Tuba (Dark)

# WHAT IS NAKED?

The “Naked” unfinished islands of recycled aluminum substrate easily accommodate a fast and simple application of custom finishes.

This GREEN building material is light-weight, fire-proof, water proof, vapor proof and exceeds the life of alternative products such as wood and steel.

A unique and different alternative to current pre-fab/ custom islands that are constructed of steel studs, galvanized steel siding, textured paints, pressure treated wood which can warp or hardiboard siding which can split and deteriorate over time.

These lightweight islands can be moved using a dolly, and can be set, leveled, “rocked-in” and completed with a custom finish in one day!

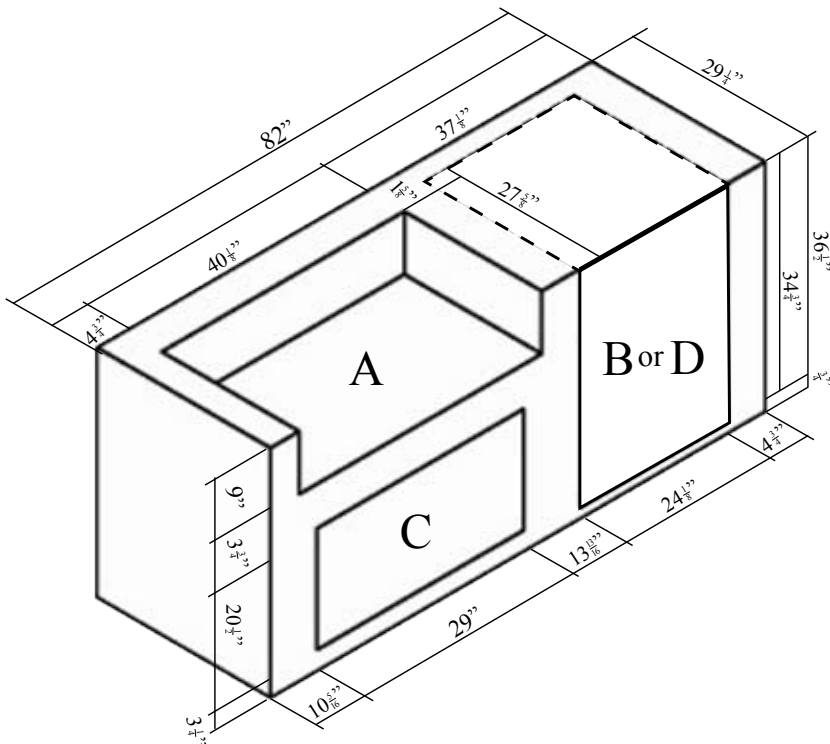

These islands are an ideal solution for projects of Landscapers, Hardscapers, Custom Builders or the “Do-It-Yourself” customers.

Each island product is designed and pre-fitted to seamlessly accommodate Viking outdoor products.

Outdoor Islands

**84" Viking Island/Outdoor Solutions**

- Commercial-type construction, design and styling
- Island is constructed completely of 100% recycled aluminum panels
- Includes UL approved electrical box
- Interior cavity, seams, and corners completely finished in access door section
- Granite countertop / Options: Uba Tuba & Giallo
- Urethane resin veneer / Options: Riverstone & Keystone
- Compatible with all respective "islands plus" islands
- 84"W x 32"D x 37-3/4"H (OA) Footprint
- For use with any Viking 41"W outdoor T-series or E-series grill
- Poly Shims included for leveling

- A. 41" Viking Grill
- B. VUAR143T or VURI140T (R/L) or VURD144T
- C. AD2820T
- D. VUBD140T (R/L)

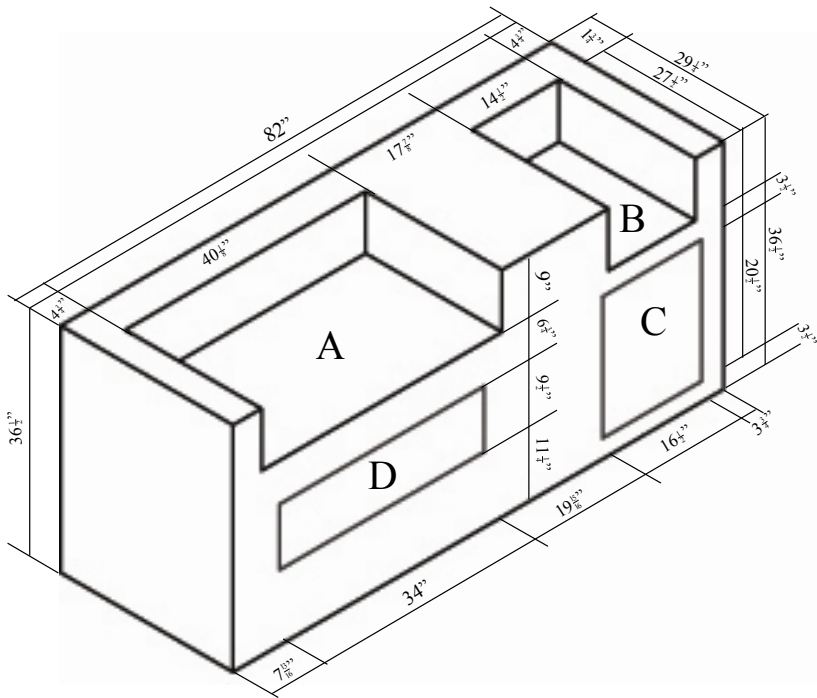

Field Requirement: MOUNTING OF DISPENSING TOWER AND FLANGED DRAIN PAN ARE NOT INCLUDED.
